SOME PEOPLE WISH IT TO HAPPEN

OTHERS MAKE IT HAPPEN.

Opportunity Knocks presents

THE OK ANNUAL REPORT

2012 - 2013

OPPORTUNITY KNOCKS

August 13, 2013 – OK launches phase II, 'The Life Shop,' a day program for adults older than 22

September 12, 2012 – OK launches 'Morning Opps,' a partner program at OPRF High School

July 1, 2011 – OK obtains 501c.3 status and dissolves relationship with fiscal agent, Goodcity

February 22, 2010 – OK launches the After Opps Program

November 30, 2009 – Agree in terms to a lease with the River Forest Community Center. Begin build-out and renovation of program space.

September 15, 2009 – Strategic Plan developed and approved by OK Board of Directors

March 12, 2009 – OK is officially incorporated. Board of Directors & Auxiliary Board are established

September 27, 2009 – The 1st OK Event. Michael Carmody organizes the 1st Annual KG Classic (now known as the OK Classic)

A Message From the Brothers Carmody

Each year seems to move just a bit faster than the last here at The Knocks. It was a bit of a shock for us to look up in January of this year and realize that the early months of our year would be spent re-negotiating our lease at the River Forest Community Center, as it was set to expire in July.

Yes, that's right! We have been operating for nearly four years now! In February of 2010, we launched the After Opps program with modest beginnings, three paid staff for 18 enrolled Warriors. We have since grown to offer three different programs, employing 21 total people and most importantly serving nearly 70 Warriors each year!

It's amazing to look back and see how far we have come in such a short time. The momentum seems to be irresistibly infectious! It is also amazing to see how many people continue to support this effort. Over the course of our last fiscal year, we received more than 1,963 donations, forging partnerships that led to 95 different sponsorships. We continue to derive a great deal of support from our events as evidenced by a guest list from our slate of 2013 events that hosted more than 2,600 attendees.

Not one part of any of this is possible without the abundance of our greatest resource, our people. So many incredibly talented, selfless and committed individuals come together to make this mission thrive. Between our Board of Directors, the Auxiliary Board and the Advisory Board, we have 73 strong serving with dedication. On the OK staff roster, we are very lucky to have 20 of the

finest people we could find working day in and out on the program, crafting an engaging and valuable program experience for our Warriors. Many of whom got their start as volunteers. At the end of it all, it's about the people. The people who come together to make it happen and the people that are affected by what we are doing.

As you can see from above, we have been gathering some data. The last number we want to share is two, as in the two of us want all of you to know how honored, grateful and inspired we are by all that you do for this mission. You and the smiling faces of Warriors are what keep us going.

We are so proud to be a part of this incredible organization. To think that we are nearly two years ahead of where we had planned to be at this point is a pretty impressive realization. Please enjoy that with us as we take a look back and forge ahead! Thank you for all of your support.

Michael Carmody

Phil Carmody

After Opps

Formerly known as 'The After School Program,' we adopted new naming this year to better represent that our Warriors come from school and work to join us at this program. Entering year three of operation in February 2013, enrollment is at an all-time high and growing. The program continues to be developed with a person-centered approach, with Warriors serving as equal architects in program development.

Peer-Led Programming

As an organization, we have prided ourselves on a Warrior-centered approach that has allowed participants to be active and engaged members in all aspects of our programming and events. This is a process that has taken time, patience and creativity. This year, we continued with the next steps to incorporate the Warrior voice into our program development.

With this year's newly launched **Peer-Led Programming Initiative**, we are providing the tools and opportunities for participants to plan and carry out programs of their choice and design. The peer leaders meet every Friday in the first session of every season (1 season=2 sessions) to brainstorm, plan the activity and hone their leadership style for leading the program they create.

The Warriors are in charge of everything, from writing the program plans to gathering the supplies for the ac-

tivities, to then implementing their plans. The Warrior Leaders then guide their peers through the programs that they create every Wednesday of the second session of each season.

Maddy Gancer and Sonya Taylor were in charge of one of the first Peer-Led Program activities. They chose to lead an activity called 'Healthy Living,' in which they led activities about how to better eat and be active. It was a great success. The peer-led program initiative continues to evolve and stands to remain a cornerstone After Opps program.

iPad Breakthroughs

Early in 2013, OK rallied support from several funding sources, including grants from the **Oak Park Community Mental Health Board and the OPRF Rotary Club**, to purchase 10 iPads for various uses in OK programs.

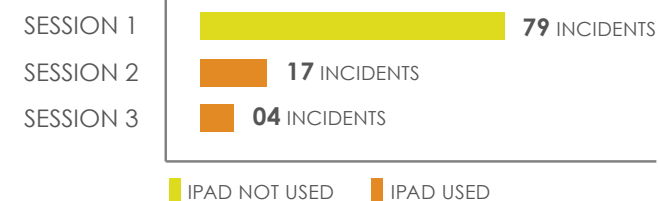

The devices were purchased for multiple purposes, primary of which was to utilize them as one-on-one tools, exploring methods and application in the realms of:

- Alternative Augmentative Communication
- Behavior Management
- Transitional Challenges

We have also used them for group program activities and in planning for our events, among other uses.

In our first winter session of 2012, we began our first trial implementation of one-on-one use with our other Maddie. Maddie Crane has several medical conditions that make her extremely uncomfortable at times. Her communication is mostly non-verbal and she has difficulty communicating her discomfort without becoming physically aggressive. To say the least, the impact was instant and measurably profound:

Maddie's behavior incidents tracked for 3 total sessions:

Morning Opps

Launched in 2012, Morning Opportunities is a partner program with OPRF High School. Offered on late arrival Wednesdays throughout the school year while the OPRF faculty and staff participates in professional development training, OK hosts on-site activities for all students in OPRF's TEAM (Transitional Education with Access to Mainstream) classrooms. Last year's program included 18 session days, averaging nearly 20 students per session. Activities range wide and are built similarly to the After Opps program. Additionally, we have been able to integrate a growing list of other student body organizations, including Best Buddies and the OPRF Football team.

Warriors Pay it Forward

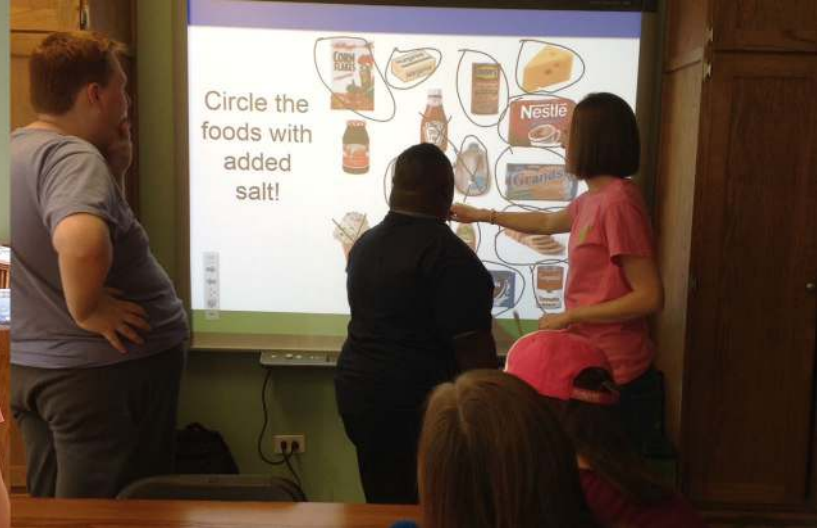

Community Opportunities was founded by Warriors during 2011 After Opps programs. Essentially, it is an incubating non-profit within the non-profit. It was introduced as a program to create opportunities for Warriors to embrace the concepts of community and altruism. It took hold fast and has become a long-standing program mainstay.

The mission statement is focused on supporting causes that help children, animals and the environment. Since its inception, it has been driven by Warriors with OK staff serving only in supportive roles. The ownership and creativity we have seen from these Warriors has been truly inspiring. They've even taught us a few things about how to run a non-profit.

To date, they have supported a long list of local organizations: Hepzibah Children's Association, OP Animal Care League, Adopt-A-Family, Holiday Food & Gift Basket, the OPRF Food Pantry, Children's Memorial Hospital and Trailside Museum.

This year, the Warriors took it one step further, joining forces with our friends at **Weichert Realtors Nickel Group** to put on the first ever car wash, The Warrior Wash!

Including all Community Opps efforts, this year the Warriors raised more than \$2200 to support their favorite local organizations.

The Life Shop

A Journey of Preparation

On August 13, 2013, we officially launched our day program, the Life Shop. After two years of planning that included countless committee meetings, an environmental scan of more than 20 Chicago-area day programs, a 90-family survey and two focus groups, we were finally ready to open our doors to the next phase of the mission, the Life Shop.

Another Collective Effort

The planning and preparation also included a rallying of support behind the program to help us bring it to launch. We were blessed with a captive audience at the 2013 Night for Opportunities Gala, where we made an appeal to the crowd that raised more than \$32,000 for the Life Shop.

The good fortune continued as we reached outside of our network for new supporters. We were blessed to make a connection with the good people at **The Coleman Foundation**. They generously granted us \$25,000 of support toward the Life Shop, our largest grant to date. The continuing search for support led to new partners and old who have come along to get behind the Life Shop. Included among them were Options Clearing Corporation, the Gordon Flesch Company, the River Forest Mental Health Committee, the Mander Foundation, Whole Foods Market River Forest and the OPRF Rotary Club.

Lease in Hand, Off to Work

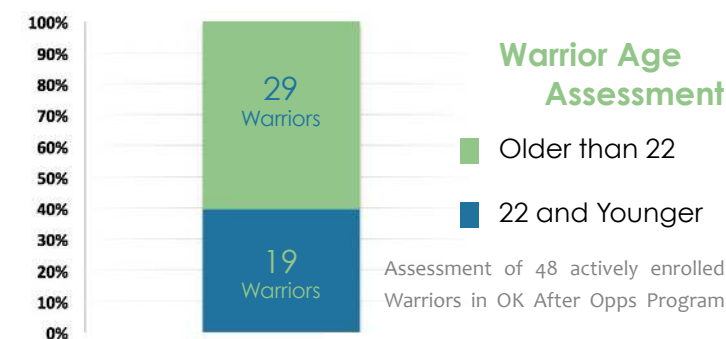

In July of 2013 we signed a new lease at the River Forest Community Center, taking on an additional 800 square feet of space to headquarter the Life Shop. Shortly thereafter, we rallied our skilled labor friends to renovate our new homebase. It was another awesome team effort, reminiscent of the first buildout: pulling together painters, electricians, movers and carpenters to help us get the Life Shop ready.

The Pilot Staff

Long before we signed the lease or renovated the Life Shop headquarters, we recruited the staff and built the a curriculum foundation. With the Board's blessing, Kim Meares, former director of the After Opps program, assumed command of the Life Shop. She was joined by the Executive Director, a team of awesomely talented Life Coaches and a board member or two to map out the initial programming plan.

The Pilot Warriors

The next big step was recruiting the Warriors who would go forward with us in the Life Shop as participants in the program. We began this process with an analysis of the currently enrolled Warriors in the After Opps Program. After a thorough and considerate recruitment process involving all of the eligible families, we had 10 Warriors.

Older than 22: Day Program Status

- Life Shop Member
- Still in Need
- Already Committed (Job/Volunteer/Day Program)

The Pilot Launch

On August 13, 2013, we officially launched the pilot of the Life Shop. It is a program built on goals collaboratively developed with the Warrior at the center of a planning co-op that includes the Warrior's Family and OK Staff. The initial focal points will be steeped in health and wellness, self exploration, life skills and community engagement.

As the program evolves, it is our goal to continue to carry forward the mission of self-enrichment as determined by each Warrior. As the pilot takes true form, we will begin planning to serve more Warriors and explore other areas of adult life, such as vocation and ongoing education. Our vision is ambitious and our aim is true. We are excited!

The Life Shop is blogging! Please check us out online and follow the progress of these brave 10 Warriors! Check it out at www.opportunityknocksnow.org
